MEDIA RELEASE

HARVEY WATER COMMUNITY SPONSORSHIP ROUND OPEN

Harvey Water is inviting the community to apply for its next sponsorship round, which offers two levels of funding for local projects and events.

Funding of \$500 and under is aimed at schools and education based projects, voluntary organisations which encourage community involvement, sporting clubs, sporting projects and environment and catchment care.

The larger funding of \$2000 and under is aimed at community events which create economic benefit, sustainable environment initiatives and community infrastructure projects.

The sponsorship is open to communities in Harvey, Waroona, Dardanup, Bunbury and Collie and closes on March 31. A second round will be held in September 2019.

Eligible organisations are:

- Not for profit organisations
- Incorporated community organisations
- Not for profit educational institutions

“Harvey Water has a long history of supporting the local communities in which it operates and is very proud of the projects it has been able to assist with over the years,” said General Manager Bradd Hamersley.

“We once again look forward to assisting those groups which need help to deliver projects which make a difference in our communities.”

For a copy of the sponsorship guidelines and an application form visit the Harvey Water website at: www.harveywater.com.au/sponsorship
